

West Midlands Region Rail Development Plan

Appendix B - Station Usage
Draft For Consultation

June 2009

West Midlands Region Station Usage Data

Source: 2006/7 and 2007/8 data from DeltaRail report published by Office of Rail Regulation. Centro 2008 footfall from Spring 2008 counts. ORR/DeltaRail footfall figures exclude journeys made on certain ticket types (e.g. multi-modal and concessionary passes) and therefore understate demand within the Centro area. The overall footfall 2008 column includes Centro 2008 data where this is available ORR/DeltaRail data otherwise.
